PROJECTS DONE

Stock Price Predictor (Github) — Mar 2022 – Apr 2022

- Developed a project for predicting the price of a particular stock using machine learning algorithms that can help in trading in that specific stock.

Pizza Delivery Website (Github) — Feb 2022 – Apr 2022

- Created a project where user can order a pizza of his/her own choice and also can make payment for it online

EDUCATION

Bachelor Of Technology in Computer Science & Engineering

- Indus University, Ahmedabad, Gujarat — Aug 2019 – Present
  9.8/10 CGPA

HSC

- Kamaladevi College — Apr 2018 – Mar 2019

SSC

- New Vani Vidhyashala — Apr 2016 – Mar 2017

CERTIFICATIONS

Machine Learning & its Applications

- Offered by CESA Indus University
- Got knowledge about different algorithms used in Machine Learning for predictions of various things

Programming with Python

- Offered by Internshala Trainings
- Learned Python from scratch and got to know the basic concept of OOPS and Data Structures.

Programming with C & C++

- Offered by Internshala Trainings
- Learned basics of C & CPP Programming

KEY SKILLS

- Python
- Pandas and Numpy
- Matplotlib, Seaborn
- MS Excel
- MS Word
- MS PowerPoint

HOBBIES

- Trading
- Swimming
- Travelling
